

Del Suggs BIO

It would be tough to find anyone in the College Market who has changed more lives than Del Suggs. His leadership and higher ed programs emphasize personal leadership skills, organizational techniques, and interpersonal skills in ways that truly empower student leaders. Del is a genuine “Life Hacker,” and teaches students to maximize their leadership skills while using the technology they love. The second edition of his book “Truly Leading: Lessons in Leadership” has just been published, and his groundbreaking “Instant Assessment” technique (where students complete an assessment on their cell phones) is innovating assessment in student affairs. Del was the highest-rated speaker for 2015 in the Campus Activities magazine Artist Report Cards, and he was a finalist for “Best Speaker 2015” in the Campus Activities magazine Readers' Poll. He's a past winner of “Best Campus Speaker” from the Association for the Promotion of Campus Activities schools. He shares the cover of the book “Roadmap to Success” with Dr. Deepak Chopra and Dr. Ken Blanchard. Del's extraordinary keynotes, training programs, and retreats teach the practical application of leadership-- not just theory. He has presented his programs at over 750 campuses from Seattle to Ft. Lauderdale, from Hartford to Laredo, and most points in between.
